

Green Apple (mini) Gig 2021

A fundraiser to prepare at-risk children for success in school

Join us on Thursday June 10

A number of small, separate Green Apple (mini) Gigs will be held simultaneously at the homes of TLC board members. Funds raised from sponsorships & donations to Green Apple Gig helps TLC send disadvantaged children to kindergarten ready to learn!

Think Small, Be Safe!

So much has changed in the past year - yet the need for high-quality preschool and parent support among the families TLC remains.

TLC's programs promote equity by ensuring all children in Charlotte have the opportunity to learn and grow, regardless of zip code.

TLC addresses the need for access to an excellent early childhood education so children living in poverty can start school on par with their more advantaged peers, thereby reducing the academic achievement gap. Participation in programs like TLC reduces the likelihood of special services needed in 3rd grade by 30%. When a high-quality preschool education is paired with a parent program to simultaneously address multiple risks, the achievement gap can stay closed. **Will you join us to ensure school readiness for children living in poverty?**

All sponsors receive social media and website recognition leading up to Green Apple (mini) Gigs, and print recognition in thank you postcards mailed to guests.

At each location, a sponsor board will display sponsor names/logos. Sponsors are invited to address attendees during the program if desired.
